STOCK.

\$58,627 36

This Association issues three kinds of stock; Installment, Prepaid and Full Paid. The par values \$100 per share. The cost of INSTALLMENT STOCK is \$1 per share for the first payment and 60 cents per month for 96 months. Payments then cease. This stock shares in the full profits earned, which are apportioned semi-annually. It will mature when the payments credited to the loan fund and the profits added thereto equal the par value of \$100 per share, at which time that amount can be withdrawn in cash. It is estimated that this stock will reach maturity in eight years.

in cash. It is estimated that this stock will reach maturity in eight years.

The issue of PREPAID STOCK is limited by the By-Laws to 4,000 shares. The original cost was \$50 per share. From March until August, 1894, this stock was sold only by special arrangement at a premium of \$1 or \$51 per share. In August, 1894, 500 shares were put on the market, and sold at \$53 per share, and in March, 1895, 500 more were placed on the market at \$55 per share. The remaining shares of this stock will only be sold at a premium of \$10 or \$60 per share. It participates in the full profits earned by the Association, being the only Paid-Up stock which does. Interest is paid upon the original price of \$50 per share semi-annually, at the rate of 6 per cent per annum for the first two years, and at the rate of 7 per cent thereafter, payable in March and September. The full profits earned, of which the above interest is a part, will be credited to this stock to mature it at its par value. When such maturity is reached, the holder withdraws \$100 per share in cash.

PARTICULAR ATTENTION is called to the FULL-PAID STOCK, which meets the demands of very many conservative persons who desire astisfactory dividends on their investments, coupled with safety. The cost of this stock is \$100 per share in cash, on which interest at 6 per cent per annum for the first two years, and 7 per cent thereafter, is paid March and September.

Two cases involving charges of assult were called in the Police Court today, and continued until next week because of the inability ued until next week because of the inability of the injured parties to appear. Charles Grimes and George Grimes, his brother, were defendants in a case involving an assault on William Taylor. This affair happened Thursday in a house on Kentucky avenue, and Taylor, it is thought, is suffering from concussion of the brain. William Scott is the injured man in the other case, while Charles Lee is his alleged assailant. Both men are colored, and Lee was arrested by the officers of the third precinct. Scott, whose skull may possibly be fractured, is under treatment in the Emergency Hospital. The cases will probably be heard next week.
